Subject: Fwd: Carbondale time capsule 2012/Our Town

Hello, Carbondale!

I hope all is well with each of you and you are enjoying this beautiful weather! I received a wonderful note from Dr. Powell the other day which not only contained some extremely warm sentiments--but an excellent idea he asked me to share with you...

Please let me know if you wish to take part in the time capsule project Dr. Powell suggests in the following post. It would be the entire community creating a new hallmark chapter in Carbondale's history; something future generations would truly marvel!

Enjoy the weekend, and I'll see you soon.

Lisa

#####

03-22-2012

Lisa:

The electronic copies of all of the materials that all of the participants in the Carbondale / "Our Town" project submitted to WVIA, as well as the footage shot by WVIA on "marathon day" (March 17), constitute an extraordinary portrait of Carbondale, 2012.

As we all recognize and understand, the edited version of all those materials will become the Carbondale / "Our Town" documentary that will be broadcast on April 18--a moment that all of us in Carbondale are looking forward to with the greatest anticipation.

In order to maximize the historical/archival potential of the electronic copies of all the materials that all of the participants from Carbondale submitted to WVIA for this project, as well as the footage shot here on "marathon day" by the WVIA team, the Carbondale Historical Society would be very pleased to establish a repository/archive/time capsule containing copies of all those materials.

This repository/archive/time capsule would be labeled "Carbondale 2012" and put away "for the record." Into the time capsule, of course, we will also place a copy of the "piece de resistance" itself, the WVIA broadcast version of Carbondale / "Our Town".

In order to make this time capsule a reality, the consent of all of the participants will be required. Would you be willing to forward a copy of this e-mail to everyone from Carbondale who submitted material to WVIA for the Carbondale / "Our Town" documentary and ask them if they are willing to participate in this time capsule project?

The Carbondale / "Our Town" project has already been a huge success. On April 18th, there will be lots of tears of joy and gladness as Carbondale / "Our Town" is aired. That will be a day to remember!

Best,

Robert

Four "Yes" replies received 03-26-2012:

I, Nellie Connolly, give my consent to be a part of this time capsule! Very proud! :)

I would be very proud if my photographs were included in this historic time capsule. Thank you, Dr. Powell, and thank YOU, Lisa!

The Carbondale Public Library would be proud to be a part of the permanent repository of Carbondale 2012 for the future Carbondaleans to enjoy

Agreed.

Patrick & Doreen Coleman

A "yes" reply from Mayor Taylor on 03-29-2012:

From: Mayor Justin Taylor <mayorjt@icontech.com>

OK here.
